

2008-2009 Upward Bound Portfolio Contract

I, _____, am committed to completing the Upward Bound Portfolio Units for the 2008-2009 academic year. I know that two zeroes on any of the portfolio units will result in my being dismissed from the Upward Bound program and I will no longer be eligible to participate in Upward Bound activities, trips or events. My path to higher education is very important, and the Upward Bound portfolio units work to prepare me for higher education; the process of applying for colleges and universities; the process of applying for financial assistance; and other components integral to my success in higher education.

For the 2008-2009 academic year, I will keep a record of my progress on each of the six assigned portfolio units. I know that a copy of my progress will be sent home in December so that my family can see how well I am doing on my portfolio units. Additionally, I am aware that in the event I receive two zeroes, my progress record will be sent home to my family to show them why I am being dismissed from the Upward Bound program.

My signature below is proof of my commitment to completing the portfolio units, but also proof of my commitment to Upward Bound and my education. My signature also illustrates that I understand the consequences of receiving two zeroes on any of the six portfolio units.
